SARAH CONNOR

sarah.connor@defense.org * +1 (310) 555-0199 * Los Angeles, CA

--- TECHNICAL EXPERTISE ---

Python, C++, Linux, Docker, Cyber Security, Network Engineering, AWS

--- KEY PROJECTS ---

Autonomous Threat Radar: Real-time network intrusion detection

- Implemented packet filtering engine in C++ and Python.

Hardened Kernel Container (Docker, Linux)

- Built immutable Linux container sandbox for secure payload testing.

--- EDUCATION ---

B.S. in Computer Systems Engineering

University of California, Los Angeles | 2016 - 2020
